<sup>a</sup> El orden de los municipios se estableció según la densidad (de mayor a menor) de población indígena total; es decir, la suma de la población de 5 años y más hablante de lengua indígena y la población de 0 a 4 años en hogares donde el jefe de familia o cónyuge habla alguna lengua indígena.

<sup>b</sup> Cifras correspondientes al II Conteo de Población y Vivienda 2005 (INEGI, 2009).

<sup>c</sup> Según el INEGI la suma de las cifras municipales puede no coincidir con el total estatal.
