2,340,487 have signed. Let's get to 2,500,000

We are elders of the Maasai from Tanzania, one of Africa's oldest tribes. **The government has just announced that it plans to kick thousands of our families off our lands so that wealthy tourists can use them to shoot lions and leopards.** The evictions are to begin immediately.

Last year, when word first leaked about this plan, almost one million Avaaz members rallied to our aid. **Your attention and the storm it created forced the government to deny the plan, and set them back months.** But the President has waited for international attention to die down, and now he's revived his plan to take our land. We need your help again, urgently.

President Kikwete may not care about us, but he has shown he'll respond to global media and public pressure -- to all of you! We may only have hours. **Please stand with us to**

protect our land, our people and our world's most majestic animals and tell everyone, before it is too late. This is our last hope.
